# Howdy Denver Aggies!

Looking back on 2015, it was a year of firsts and changes. We started hosting monthly networking lunches across the Denver area and ventured to a new bar location for our Fightin' Texas Aggie watch parties! We had strong attendance, too. There were 120 attendees at Muster, and we packed the Icehouse Tavern for the first football game of the season! I'd like to thank the 2015 Officer Team for their hard work and support in getting these new events up and running, and making them a success.

Your 2016 Officer Team is excited for the upcoming year and wants to keep up the momentum from 2015! We have already begun plans for the year and hope to provide a variety of events that cater to different interests. There will be something for everyone, so if you have a suggestion or would like to help organize an event, please do not hesitate to contact me or any of the officers. We welcome new ideas and new faces!

If you are new to the Denver area or to the Club in general, we welcome you! Our events are a great way to get to know the city, and Denver Aggies are excellent resources for any questions you may have. I encourage you to attend Muster, especially, but any event is a great opportunity to check us out!

A huge thank you goes out to our returning Denver Ags. Through your membership, we were able to award \$6,000 in scholarships to local incoming freshmen in 2015. We thank you for your support and hope to see you again this year. Membership is not required, but it's a great way to give back to your community by supporting the Denver A&M Club scholarship fund. You also receive a free gift and discounts to our paid events! See the membership section on page 11 for more details on how to sign up!

The Denver A&M Club has been a second home for me in Colorado. It has offered me many opportunities to make new friends, get involved in the community, participate in a variety of activities, and network with other Ags in the area. For this, I am so grateful, and I look forward to serving you in 2016!

Gig 'Em!

*Anne*

## Opportunity Award Scholarship

Each year the Denver A&M Club awards scholarships to incoming freshmen that are residents within the DAMC region through the University's Opportunity Award scholarship program. In 2016, the DAMC will distribute \$6,000 in scholarships to deserving students. The applicant pool determines the number of scholarships given and the specific amounts. Texas A&M University provides the Club with qualified applicants and scholarship recipients are selected by the scholarship committee, which is made up of Club officers. To be considered, please ensure you have a financial aid application on file with the Financial Aid Office. Applicants must reside in the Club's region and must be admitted to Texas A&M University as a freshman for the Fall 2016 semester. The 2016 scholarship recipients will be announced at the Summer Picnic.

See page 11 for information on how to support the Denver A&M Club Scholarship Program.

**Jaime Cantarovici**

Howdy! My name is Jaime Cantarovici. I am an International Studies major from Boulder, Colorado with plans to double major in Spanish as well. I am currently a fish in the Corps of Cadets and a member of company D-2. Within the Corps I am involved in Rudder's Rangers and Army ROTC. I plan to become an Infantry officer upon graduation. Additionally, this semester another student and I are working towards re-starting the A&M Skydiving Club. A&M has been a wonderful experience for me so far and I look forward to what the future holds. Thank you so much for your generous contribution to help allow me be a part of such an extraordinary place. Thanks and Gig 'Em!

**Madison Malsch**

Howdy! My name is Madison Malsch and I am majoring in Human Resource Development with a minor in Business. In addition to classes, I stay extremely busy with the A&M Women's Equestrian Team. We held a 6-1 record and finished the fall semester ranked fourth in the nation. Thank you so much for your generous scholarship. It is allowing me to fulfill my dreams and truly become the best version of myself that I can become. I wrote a life mission statement about a year ago. It reads as follows: *"My mission is to explore my world, radiating positivity to the disheartened."* Your scholarship allows me to learn and will equip me with the tools necessary to live out this mission statement. Thanks and Gig 'em!

**Michael Sims**

Howdy! My name is Michael Sims, I am a Journalism Studies major from Parker, Colorado. First, I would like to say thank you for your generosity and support. Throughout my first semester, I got involved in a few things. I joined FLARE, a freshman leadership organization within the College of Liberal Arts. I am also currently writing and taking photos for the Aggieland Yearbook, one of the most award college yearbooks in the nation. Finally, I joined Aggie Experience Council, which is a group that works out of the visitor center, leading tours for prospective students and other guests, as well as acting as student ambassadors for university events. Thank you for the scholarship and for introducing me to the Aggie Family!

**Johnathan Smith**

Howdy Denver Ags! Thanks to your generous scholarship, I have been able to join the ranks of fellow Aggies in good ol' College Station. Since joining A&M I have already found that Biomedical Engineering suits my fancy, and am looking forward to learning all about medicine and how one day I can design a better prosthetic for future generations. I have also become very involved in one of the oldest traditions -- Student bonfire! While it no longer burns on campus, hundreds of redass students go out in the woods for many hours each week and rebuild the thousand tons of logs to make sure the traditions burns on in the hearts of Aggies everywhere. Thank you so very much for the scholarship, and for the opening of a spot for a new Ag in the Aggie family. Thanks & Gig 'em!

**MaryLynn Wallace**

Howdy! I wanted to thank everyone for their financial support during my first semester as an Aggie. I'm currently majoring in Aerospace Engineering and have just completed an application to be a peer teacher for one of the engineering classes I attended this semester. While attending A&M my favorite things have been midnight yell and the games on Saturday. I even had the opportunity to attend the A&M vs LSU game in Baton Rouge over Thanksgiving break. This semester has definitely been everything I hoped for and I wanted to thank ya'll in part for making that a possibility. This coming semester I hope to get more involved with WE (Women in Engineering) as well as continue my academic success. Thanks & Gig'em!

## The Denver A&M Mothers' Club...

is dedicated to promoting the comfort and welfare of our students at Texas A&M. Comprised of approximately 25 active members from across the Denver Metro area, the group of mothers of current and former students gather on the second Tuesday of each month from September to May. The DAMC members meet to share all kinds of great information from school traditions to transportation to great places to live and shop in College Station and Bryan. The friendships and camaraderie fostered through this organization provide a strong support system for moms and students alike. Here is what we have been up to in 2015...

### Aggie Graduation Celebration at Pappadeux, May 2015

It's always a great time when we get together. In 2015, we had 5 graduates and were able to celebrate with their parents here in Denver. We also awarded six \$250 donations to Texas A&M student organizations selected by our members that night.

### Summer Picnic, Washington Park, August 2015

New, current, and former students and their families getting together before the start of another school year. Had a beautiful day and a great turnout for our picnic.

### Christmas Ornament Exchange, December 2015

There is nothing more fun than getting a new Texas A&M ornament at the December meeting. Except maybe getting a new member to the group! Do you know a mother with a student at Texas A&M that would like to meet some new friends?

Denver Aggie Moms' got together for crafting this fall! We painted Texas A&M signs on weathered wood.
