Howdy Denver Aggies!

A new year is upon the Denver A&M Club, but first I'd like to thank the 2018 Officer Team for their hard work and servant spirit that made 2018 a great year. We continued our ordinary events throughout the year and had solid attendance at most activities. The standard thoroughfare included Muster, the Summer Picnic, service at the Food Bank, monthly happy hours and football game watch parties!

Your 2019 Officer Team is excited to serve the Aggie community! Planning is underway for the year, and as always, our goal is to provide a variety of events and opportunities to connect Aggies across the Denver area. If you have a suggestion or would like to help organize an event, please do not hesitate to contact me or any of the officers. We welcome new ideas and new faces!

Next, I'd like to welcome new Aggies in the Denver area! Our events are a great way to get to know the city. Denver Aggies are excellent resources for any questions you may have. I especially encourage you to attend Muster, but any event is an opportunity to check us out! All are welcome and feel free to bring a friend. Membership is not required to attend our events.

Finally, we welcome and immensely appreciate our returning Denver Aggies and those who have supported the Club's mission in the past. Through your membership and donations, we could award \$6,000 in scholarships to local incoming freshman in 2018. We thank you for your support and hope to see you again this year.

Membership is a great way to give back to your community by supporting the scholarship fund. See the membership section on page 11 for more details on how to sign up!

I look forward to serving our Aggie community and the camaraderie that it brings in 2019.

Gig 'em,
Anne Kimble '08

Opportunity Award Scholarship

Each year the Denver A&M Club awards scholarships to incoming freshmen that are residents within the DAMC region through the University's Opportunity Award scholarship program. In 2019, the DAMC will distribute \$6,000 in scholarships to deserving students.

The applicant pool determines the number of scholarships and specific amounts awarded. The Club receives a list of qualified applicants from Texas A&M University. The scholarship committee, made up of Club Officers, selects scholarship recipients. To be considered: (1) complete the general scholarship application through Apply Texas, (2) must reside in the Club's region, and (3) must be admitted to Texas A&M University as a freshman for the Fall 2019 semester. At the Summer picnic, the 2019 scholarship recipients will be announced.

See page 11 for information on how to support the Denver A&M Club Scholarship Program.

Kyle Sprinkle

My first semester at Texas A&M has been a dream come true. The people, the atmosphere, and the traditions have exceeded my expectations and it all seemed to go by too fast. I was able to stay on top of my classwork and earn my first ever 4.0 semester of my college career, with hopes that many more will come in the future. On top of this, I got involved and joined a Freshman Leadership Organization called FLiP (Freshman Leaders in Progress). Through this, I have made dozens of strong friendships and met people that I know will be by my side throughout the rest of my time at A&M and beyond. I first arrived in Aggieland optimistic and excited, but even then I never expected what came next. These first few months of college have been some of the best months of my life and I can't wait for the future.

Beth Hansen

I loved my first semester at Texas A&M. I was lucky enough to experience many of the amazing traditions here, including midnight yells, football games, Silver Taps, and I was even able to witness my fish camp counselor receiving her Aggie ring! I am majoring in engineering; hopefully, aerospace next fall. I am also a member of SEDS (Students for the Exploration and Development of Space) and AAWE (Aggie Aerospace Women in Engineering). Coming from out of state, I knew no one attending A&M, but these past few months I have met many amazing people and made strong friendships. This last semester has been incredible and I am excited for this coming spring semester.

Andrew McNulla

My first semester at A&M has been a very memorable experience. There have definitely been times where it has been a challenge to balance academics with being in the Corps of Cadets, however, it has been a very rewarding experience. The most remarkable moment of the semester came when we were selected to line the route from the presidential library during the funeral service for George H.W. Bush. It put into perspective the significance of A&M that a president would chose to be laid to rest on our campus, and the enormous opportunities that are provided to us by attending this school. In addition, attending the football games were extremely fun, especially the game against LSU where I saw a true display of the Aggie spirit with people standing and yelling through all 7 overtimes.

Theron McAdoo

Second semester is underway and I looks like I have got my hands full once again. My first semester at A&M flew by and looking back on it, I learned a lot. Being a fish in the Corps came with a lot of early mornings and late nights but I became very good friends with a great group of guys and have really started to enjoy the challenge that the Corps presents. Engineering is as tough as advertised but I enjoy the courses and I am really excited about the opportunities that it holds for me. I am involved in an engineering professional society and I have also joined a Freshman Leadership Organization on campus. The picture is of my and my girlfriend Lauren before the Corps march in at the Kentucky Game.

The Denver A&M Mothers' Club

The Denver Aggie Moms' are dedicated to promoting the comfort and welfare of our students while away from Colorado at Texas A&M. Our Club continues to grow each year with new members from across the Denver Metro area. Our group of moms of current and former students gather on the second Tuesday of each month from September to May. If you know a family that has a student at Texas A&M, please let them know that we are always welcoming new members to our group and they can reach us at: denveraggie moms@aggienetwork.com.

Monthly Meetings

Each month from September through May, we gather at a members home. These meetings are all over the Denver Metro area. This year we have had some guest speakers at our monthly meetings. In September, Anita Branigan's '82 sons Zachary '15 and Troy '17 came to speak with us about life on campus and living in College Station. In October, Anne Kimble came to visit and share information about the A&M Club of Denver with our members.

Muster, April 2018

End of Year Graduation Celebration, May 2018

Summer Picnic, Washington Park, July 2018

Each summer, we gather to introduce Denver area students to one another and introduce their moms to our group. It is always a lot of fun and a chance for the Aggie Dads to get involved too. We also have an opportunity to paint an Aggie themed sign for the students to take off to their new dorm room or to leave with mom and dad.
